Background & History

3

Welfare Assistance = Financial Assistance and Social Services

- In the Budget its called: Welfare Assistance (Greenbook/Appropriations Bill)
 - AOH91 – Functional Area for Welfare Assistance
- In the Regulations its called: Financial Assistance and Social Services Programs (25 CFR Part 20) & refers to both financial and non-financial services

WELFARE ASSISTANCE IS A SAFETY NET PROGRAM:

- It is only used when comparable financial assistance or social services are either not available or not provided by state, tribal, county, local or other federal agencies
- It is a secondary or residual resource, and **MUST NOT** be used to supplement or supplant other programs
- It is **subject to annual appropriations by Congress**

WHAT DOES THIS MEAN?

- It's a critical program to Indian Country.
- It serves the most needy in Indian Country. It is the final program that many American Indian and Alaska Natives (AI/AN) can turn to for assistance.

BIA Welfare Assistance Program

4

Includes Financial Assistance Components

- General Assistance, Adult Care Assistance and Child Assistance are the primary forms of financial assistance, which are available when not provided by other federal, state, local or tribal sources, or where the individual is not eligible for those services.
- Burial assistance and emergency assistance are available in accordance with regulations as one-time funding sources.

Includes Non-Financial Assistance Components - Services to Children, Elderly, and Families

- Child Protection and Adult Protection (depends on jurisdiction & tribal or state codes)/ Child Welfare
- Social Services to children, elderly and families; assist in daily functioning, address problems, provide referrals & prevent placement.
- Supervised Individual Indian Money (IIM) accounts - protects individual Indians (with special needs) financial resources

Take Away: Your Tribe may or may not operate all these programs & may operate these program through various methods

Method of Delivery for Welfare Assistance

5

There are FOUR ways in which each Tribe or Agency operates the Welfare Assistance Program:

1. Through direct-service, operated by a BIA Agency (BIA)
2. Through an Indian Self-Determination and Education Assistance Act (ISDEAA) Title I Contract (638)
3. Through an ISDEAA Self Governance Funding Agreement (OSG)
4. GA through an approved Public Law 102-477 Plan – either under a 638 Contract or Self-Governance Funding Agreement (638-477 or OSG-477)

Take Away: Your Tribal community may operate the programs through various methods depending on the types of Welfare Assistance programs .

Method of Delivery for Welfare Assistance

6

Why is knowing this Method of Delivery important?

- It identifies how the tribe or agency is operating its program
- It identifies which office you should submit your FASSR to & who is responsible for certifying it for the gov.
- It identifies who will award the Tribe or Agency the funding

Method of Delivery for Welfare Assistance

7

Tribes can have a combination of these 4-types of delivery methods for the different Welfare Assistance program components.

WHAT DOES THIS MEAN?

- Tribe A: Tribe A has a Self-Governance – Funding Agreement in place to operate Child Assistance and Burial Assistance, in addition to operating General Assistance under an approved P.L. 102-477 Plan. In this scenario – although GA is operated through an approved P.L. 102-477 plan
 - ✦ FASSR: The Tribe submits one report to the Office of Self-Governance. (OSG-477)
- Tribe B operates the CPS and Child Welfare program (Child Assistance program) through a Pub. Law 93-638-Contract; Operates GA under an approved P.L. 102-477 Plan and the BIA Agency provides direct-services for all the other Welfare Assistance program components (Burial Assistance, Emergency Assistance).
 - ✦ Three Reports should be submitted:
 - ✦ FASSR #1: The Tribe would submit the FASSR for the CPS and Child Assistance components. Submit to the Regional Office. (638)
 - ✦ FASSR#2: The BIA-Agency would submit the FASSR for the BA, EA, and ACA. Submit to the Regional office. (BIA)
 - ✦ FASSR#3: The Tribe's employment and training program would submit a FASSR for GA-only to the 477 Office (638-477)

Take Away: The Method of Delivery impacts how many FASSR Reports must be submitted and how the Tribe will receive its funding

Overview of the Methodology

8

- The methodology is used nationally.
 - The BIA distributes welfare assistance funding each year to Tribes and BIA Agencies based on the approved methodology.
 - Approximately 270 Tribal and Agency programs
 - Outlines the information the BIA uses in order to determine funding levels
 - A method for distributing funds that treats all Tribes and Agencies fairly & equitably;
 - To facilitate a fair and equitable treatment of potential recipients of welfare assistance funds;
 - To address shortfalls in funding; and,
 - To avoid the shutdown of one or more welfare assistance programs.
- Funds must be awarded in accordance with a Tribe's self-determination contract or self-governance funding agreement.
- Outlined in Part 70, Chapter 3 of the Indian Affairs Manual (70 IAM 3) - <https://www.bia.gov/cs/groups/webteam/documents/document/idc2-055217.pdf>

BIA, Financial Assistance and Social Services Report (FASSR)

The FASSR is:

- Required for the welfare assistance program;
- Is used to determine the amount of welfare assistance funding to distribute to Tribes and BIA agencies each FY/Calendar Year (CY); and,
- It is also used to prepare and submit a Request for Additional Funds (RAF).
- It is used to calculate Estimated Need & Actual Need & carryover adjustments

Why do we use the FASSRs for the methodology?

10

- History is our best predictor of future needs
- It's a consistent and standard process for all Tribes and BIA agencies
- It helps to ensure a more fair & equitable process in the distribution of funding
- The data comes from the Tribe and BIA Agency - Actual Data not Projected or Estimated
- Each Tribe and Agency reports its Actual Expenditures (**NEED**) which is then the basis for how funding is distributed to the Tribe or Agency
- This process aligns more closely with the policy on Self-Determination and Self-Governance

A Major Assumption of the Methodology

11

- For the current operating year (2017), the Methodology assumes a Tribe or Agency will expend at or below what the Tribe or Agency spent in the previous operating years.
- It means the BIA will only fund a Tribe or Agency in 2017, at the very most what the Tribe or Agency reported for expenditures in the 2016 FASSR.

Take Away:

- The FASSR is the REPORT the BIA uses to determine how much funding each Tribe and BIA agency will receive each Fiscal Year
- It is imperative the Report is 100% correct and reflects the Tribe's Actual - Expenditures; Available Funding; and Carryover/Shortfall

Why is the FASSR important to you?

- The information **YOU** provide & certify in the FASSR is the basis for the Welfare Assistance Funding Distribution Methodology.
- It allows Tribes and BIA Agencies to anticipate its level of funding
- The data in the report is used to determine the level of funding your Tribe, Agency, or Program will receive **during the current and beginning of the next fiscal year.**
 - **The more accurate & reliable your data is; the more fair & equitable the distribution will be nationwide.**
- The BIA has to demonstrate the importance of the Welfare Assistance program to other Federal Entities such as Congress, AS-IA /BIA Management, and OMB (those who control the funds).
- The BIA utilizes the information gathered in the FASSR to show the increasing need for Welfare Assistance across Indian Country.
- If one Tribe or Agency doesn't submit a report it is not only detrimental to their own program, but it can also impact ALL other Tribes and Agencies receiving Welfare Assistance.

Overview of the FASSR

13

The FASSR has contains Two Sections – the Data Section and Narrative Section. Each section collects different types of data for each financial assistance and non-financial assistance program.

1). THE DATA SECTION: This section is used to collect quantitative data- which is numerical data. This section collects financial data including actual person served, expenditures, amount allocated, and surplus or deficit data.

2). THE NARRATIVE SECTION: This section collects qualitative data – more descriptive data. This is the section where YOU get to describe your program in-depth & provide the “STORY” to the numbers. The How, What, Where, When, and Whys.

Take Away: The Method of Delivery impacts how many FASSR Reports must be submitted and how the Tribe will receive its funding

FOR THE 2016 FAASSR:

- **Column P: Expenditures** = Basis for Calculating Actual Need for 2017 (See 70 IAM 3)
- **Column Q: Available Amount/ Amount Allocated** = Sum of: Total 2016 Funding + any Carryover from 2015 into 2016 as reported on 2015 FAASSR, Column R
 - This amount should reflect the “Actual Amount of Funding the Tribe or Agency has available to spend in FY/ CY 2016”
- **Column R: Carryover:** Carryover funding the Tribe/Agency had available to operate on at the beginning of 2017 – this funding is “available” to the Tribe & will be counted in the Methodology
- **Column R: Deficit:** Shortfall in Funding the Tribe faced in the 2016 Operating Year

ACTUAL PERSONS SERVED & EXPENDITURES

How to Count Child Assistance and Adult Care Assistance Actual Persons Served

- Count the Child or Adult in each Month he/she is provided Services with BIA, Child Assistance Funding or Adult Care Assistance for each Category

How to Count Child Assistance or Adult Care Assistance Quarterly Expenditures

- Count the Total Amount paid in Services to the Vendor

Case Scenario 1: You have 4 children in Foster care in Quarter 1 of the 2016 Fiscal Year. (See Table Below). For each month a Child is in care, you would count them 1 time and add the total amount paid for that child. In the scenario below all 4 children were served in the months of October, November and December at the costs identified below.

FYQTR	MONTH	Child 1	Child 2	Child 3	Child 4	TOTAL MONTHLY EXPENDITURES	ACTUAL PERSONS SERVED
Q1	October	650.00	650.00	350.00	824.56	2,474.56	4

ACTUAL PERSONS SERVED & EXPENDITURES

How to Count General Assistance Actual persons Served

- Count the Household Size used to Determine Monthly Payment Standard
- Count the Check Amount

Case Scenario 1: An Unemployable client with a household size of one receives General Assistance for the months of October, November, and December at a rate of \$100 per month. You would count that person a total of three times, once for each month for Quarter 1 at a total cost of \$300. (See Below)

Case Scenario 2: An Employable client with a household of two receives General Assistance for the months of November and December at the monthly standard rate of \$250 per month. You would count the total household of 2 for each month in Quarter 1 for a total served of 4 at a total cost of \$500. (See below)

FISCAL YEAR				
	FIRST QUARTER			
Month:	October	November	December	Q1 Total
<i>Unemployable Case 1</i>	1	1	1	3
Cost:	\$100	\$100	\$100	\$300
<i>Employable Case 2</i>	0	2	2	4
Cost:	0	\$250	\$250	\$500

Total Actual Persons Served: 7

Total Expenditures: \$800

Based on this scenario, you would have served a total of 7 General Assistance clients in Quarter 1: 3-Unemployable & 4-Employable, for a total of 7 Actual Person Served, at a total cost of \$800

General Assistance

An ISP per 25 CFR part §20.100 is a plan designed to meet the goal of employment through specific action steps and is incorporated within the case plan for a general assistance recipient. The plan is jointly developed by the recipient and the social worker.

In Columns B, E, H, and K, report the actual number of General Assistance recipients with an ISP in each quarter. The total number of ISPs should coincide with the total number of employable General Assistance recipients, not Household. In Column N, report the total actual number of General Assistance recipients with an ISP for the program year.

An Employable client with a household of two receives General Assistance for the months of November and December at the monthly standard rate of \$250 per month. You would develop an ISP for the Head(s) of Household. You would count the Head of Household once in the Quarter he/she receives General Assistance. If you have two ISPs – one for the husband and one for the wife, then you would count two # of ISP plans for Q1. (This is non-duplicative counting)

General Assistance	Total Person Served	7	800.00
General Assistance	Employable	4	
General Assistance	Unemployable	3

General Assistance

Row 22, Number of Individual Self Sufficiency Plans (ISP) Goals Completed: is the number of GA clients who completed the goals in their ISP. (GPRA Measure 1811 – General Assistance). Your GPRA numbers should match up with this section of the Report.

Note: Goals Completed should never be larger than # of ISP Plans - Of that total ISPs reported above how many clients have met their goals in the ISP

Row 23, Applications Approved: means the actual number of general assistance applicants approved for service and who have begun receiving financial assistance. (NEW APPLICATIONS FOR SERVICES).

Row 24 Applications Disapproved: means the actual number of general assistance applicants determined not eligible for social services or financial assistance.

General Assistance	Total Person Served	7	800.00

Burial Assistance & Emergency Assistance

[illegible]

Data Section of the FASSR

Burial Assistance & Emergency Assistance

Row 25) Burial Assistance

Report the actual number of persons served and total expenditures for financial assistance payments made on behalf of indigent Indians who meet the eligibility criteria to receive funds for minimum burial expenses. Payments shall not exceed standards of payment established by the Assistant Secretary-Indian Affairs.

- Current Burial Rate established by AS-IA is \$2,500

How to Count Burial Assistance Actual persons Served

- Count the Actual Number of People provided Burial Assistance
- This number should reflect “ACTUAL” amounts, it should not be duplicative, meaning the Year-End Total should equal Total Burials supported with Burial Assistance for the Operating Year
 - For example: 1 Burial = 1 Person

How to count Burial Assistance Expenditures

- Count the Check Amount Paid to the Vendor(s)
 - For example: If October you paid \$2,400 for Burial Expenses and then \$100 to a Local Vendor for Wake Expenses for a Tribal member – you would still report \$2,500, but only report 1 person served for that month.

Burial Assistance	1	2,500
-------------------	---	-------

Data Section of the FASSR

Burial Assistance & Emergency Assistance

Row 26) Emergency Assistance

Report the actual number of persons served and total expenditures due to forces beyond their control that caused loss or damage of personal possessions as specified in §20.329; such as damage due to burnout, flooding of homes, or other natural disasters.

- Payments shall not exceed the rates established by the Assistant Secretary-Indian Affairs.
- Current Emergency Assistance Rate established by AS-IA is \$1,000 (Cannot exceed \$1,000)

How to Count Emergency Assistance Actual persons Served & Expenditures

- Count the Actual Number of Family members Served with the Emergency Assistance payment
 - For example, a family of 5 would receive the same amount of Emergency Assistance as a family of 2, thus count the Household Size

Emergency Assistance	5	1,000.-

Non-Financial Assistance Programs

[illegible]

Why do we want data on the Non-Financial Assistance programs?

38

- Typically labor intensive Services
- The program are as important as the Financial Assistance and Social Services programs
- Programs focused on:
 - Assisting families in solving problems related to family functioning and interpersonal relationships.
 - Referrals for problems related to physical or mental disabilities, substance abuse and violation of the law
 - Protective services

Data Section of the FASSR

**Non-Financial Assistance*

IIM Accounts SERVICES vs. ACTUAL PERSONS SERVED

Row 28) IIM Accounts Services

Services include case management services with outcome that are conducted on active supervised IIM accounts each quarter, for example, but not limited to: conducting a social service assessment to restrict an IIM account, updating addresses, conducting evaluations and assessments to support a distribution plan, home visits to determine who has custody of the account holder, preparing Kennerly Letters, conducting appeal hearings, and other guidance and support to the supervised account holder.

Row 29) IIM Accounts - Distribution Plans Processed

Report the actual number of distribution plans approved for payments by the Bureau Line Officer on Supervised IIM Accounts. Record all other services provided under the “Services” category. The approved distribution plans include information on the purpose, payees, amounts of payments, and frequency of payments.

In Columns B, E, H, and K, report the actual number of Distribution Plans Processed for each quarter. In Column N, report the actual number of Distribution Plans Processed for the program year.

Data Section of the FASSR

Non-Financial Assistance

Services-Only SERVICES vs. ACTUAL PERSONS SERVED

Row 31) Child Protection Services

Services and activities necessary to protect an Indian or Alaska Native child who is the victim of an alleged and/or substantiated incident of abuse, neglect, or exploitation. These activities include assessments, phone (info & referral), activities, home visits, reports to courts, contacts made with law enforcement, court activities, investigations, request for information, working with MDT and CPTS, etc. Every 'child' not 'case'

In Columns B, E, H, and K, report the actual number of Child Protection services provided for each quarter for each Child. In Column N, report the actual number of Child Protections services provided for the program year. If you want to report the total number of cases vs. child in the Narrative Section – please do so!

Row 32) Adult Protection Services

Services and activities necessary to protect an Indian or Alaska Native adult who is the victim of an alleged and/or substantiated incident of abuse, neglect or exploitation. This would include IIM cases when abuse occurs, however IIM Activities should be counted separately under IIM Services (Column A, Row 28). Activities under this section can include preventative services, services to homeless, and services to Veterans.

In Columns B, E, H, and K, report the actual number of Adult Protection services provided for each quarter. In Column N, report the actual number of Adult Protection services provided for the program year.

Data Section of the FASSR

Non-Financial Assistance

Services-Only SERVICES vs. ACTUAL PERSONS SERVED

Row 33) Child and Family Services

Includes the reporting of any other case activity that is not previously covered (e.g. assessments, home visits, court appearances, home studies, etc.). Note: A case may not be opened under this Service program component, unless at least an hour or more of the worker's time was spent on this activity.

In Columns B, E, H, and K, report the actual number of Child and Family Services provided for each quarter. In Column N, report the actual number of Child and Family services provided for the program year.

Row 34) Domestic Violence Services

Domestic Violence Activities and Services include for example, crisis response/ counseling, support groups, information and referral, advocacy, follow-up services, accompaniment to hospital or medical facilities, transportation and Legal and /or Court Advocacy.

In Columns B, E, H and K report the actual number of Domestic Violence related services provided each quarter. In Column N, report the actual of Domestic Violence Services provided for the program year.

END OF YEAR STATUS

Total Actual Persons Served (Column N)

- Auto-Populated in the Document
- Sum of Quarterly Actual Persons Served, Columns B, E, H, and K

Total Expenditures (Column P)

- This AMOUNT = Tribe's **"ACTUAL NEED"** for 2017

Important to Remember: The methodology assumes a Tribe will expend at or below what they spent in the previous operating year.

- This AMOUNT is basis for calculating Tribe's **"ESTIMATED NEED"** in 2018 – which will be the basis for the 75% distribution in 2018
- This is the greatest level of funding the Tribe can expect to receive in 2017, if a 100% distribution is made
- Column P is Auto-Populated in the Document
- Sum of Quarterly Expenditures of Financial Assistance Programs for Child Assistance, Adult Care Assistance, General Assistance, Burial Assistance and Emergency Assistance, Columns D, G, J, M
- *Note: Tribal Redesign Plans will report "Set Amount for General Assistance," regardless of "Actual" Expenditures

Available Amount/ Amount Allocated (Column Q)

- Sum of Total 2016 Funding Received from the BIA **plus** any carryover from 2015 into 2016 (including carryover funding from previous funding years earlier than 2015), as reported in **Column R on 2015 FASSR**

Carryover or Deficit (Column R)

- Auto-Populated in the Document
- If a negative number, represents a deficit the Tribe experienced in 2016 (Shortfall)
- If a positive number, represents available funding for the Tribe to spend in 2017 (Carryover)

How do incomplete FASSRs affect the clients we serve?

50

- The BIA will not have the data/information it needs to justify the Welfare Assistance program to decision makers; and this could impact the level of funding the BIA receives in future funding years- it may lead to a decrease in Welfare Assistance funding.
- The BIA cannot make a fair & equitable distribution. This delays the distribution of funds- which directly impacts those served by the program.
 - Without funding Tribal and Agency programs may have to shut-down their program or stop taking applications.
 - The recipients are ultimately the ones most affected.
- No Report = No Funding = Shutdown of Services
